

## WARM-UP

**Problem 1** For each of the following word problems, draw the bar diagram that accompanies it. Make sure to label the unknown quantity with a question mark.

- a) Five children shared the cost of a present equally. Each of them paid \$6. What was the cost of the present?
- b) Four children bought a present for \$28. They shared the cost equally. How much did each child pay?

**Problem 2** Do Activity 9L on page 198 of Beckmann.

## PROBLEMS
